01

**What do we mean
by Responsible Banking at BBVA?**

Responsible banking policy, a driver to deliver our purpose every day

Our purpose

To bring the age of opportunity to everyone

Aligned with our vision of the future

Helping customers to achieve their life goals

Be more than a bank, be an engine of opportunities

Having a true impact on people's lives and business

Our six strategic priorities

New standard in customer experience 

Drive digital sales 

New business models 

Unrivaled efficiency 

Optimal capital allocation 

A first class workforce 

Mission of our responsible banking policy

To manage the responsibility that comes from the impact of BBVA's activities on people & society

Holistic approach to responsible banking

Return adjusted to principles

Integrity

Prudence

Transparency

With a multistakeholder approach

And with the whole bank involved

- Business Units & Support Areas are integrating it in their operational models
- Responsible Business function working mainly as a second line to challenge and give support to all areas

Role of Responsible Business: 2nd line to ensure that people are systematically placed at the decision-making processes

Our four pillars on responsible banking

Balanced relationships with our customers based on transparency, clarity & responsibility

New standard in customer experience  Drive digital sales 

Sustainable finance to halt global climate change & attain the UN Sustainable Development Goals

New business models  New standard in customer experience  Optimal capital allocation 

Responsible practices with employees, suppliers and other stakeholders

Optimal capital allocation  Unrivaled efficiency  A first class workforce 

Community investment to promote social change and create opportunities for all

New standard in customer experience 

Governance and Accountability

Responsible business function reports directly to the Board of Directors

Approval and monitoring of the CSR policy and responsible business plan

Report to plenary & to the Executive Committee

Integrated in CEO decision-making

Global Leadership Team oversight

Local Leadership

Responsible Business co-dependency: Customer Solutions & Communications

Global & local teams (140 people)

How do we do Responsible Banking?

TCR relationships with our customers (transparent, clear & responsible)

TCR relationships

Systematically ensure that BBVA's interactions with customers are transparent, clear and responsible to help them to **make better financial decisions** and **build trust**

Transparent

Include all relevant information for the customer in a balanced way

Clear

Make it easy to understand (language and structure)

Responsible

Take into account customer interests in the S/M/L term

Our aspiration 2020:
1st clearest and most transparent bank in major markets

TCR on de customer journey

In all BBVA customer journeys, regardless of the channel, the customer needs to feel that we are a TCR bank. Consistency is key to positioning our brand as a transparent brand

What are we doing?

TCR in key Customer Content (maintenance and adaptation to new formats)

TCR
advertising

TCR product summary
pages & commercial
protocols

TCR sale scripts
for call centers

TCR contracts

TCR complaints
management

TCR embedded in new digital solutions

TCR experts globally & locally actively participate in the design of solutions with high impact in customers (mobile app, E2E digital sales processes, payments processes, digital onboarding, public web...)

TCR Training

11.0000 people trained either in person or on-line

ROI for TCR relationships

Growth

- Higher customer recommendation (NPS, Net TCR Score)
- Higher non-customer consideration
- More digital sales

Return on Capital

- Less complaints
- More efficient commercial dialog
- Higher employee pride of belonging and motivation

Risk Management

- Lower risk of fines
- Lower reputational risk
- Lower operational costs for unfair commercial practices
- Anticipating regulation

NET TCR SCORE (2018)

Financial Education & Capability Building

Financial education for society

- 2 million children, youth, adult and SME's benefited in 2018
- €7.5 million invested in 2018
- Local initiatives development in all countries where BBVA operates

Financial capabilities into customer solutions

Financial Health (Spain & Mexico)

Public Web (Mexico, Colombia & Perú)

Advocacy & Promotion of financial education

BBVA strategy on climate change and sustainable development

To finance

We will help to create the **scale of capital mobilization** to halt global climate change & attain the UN Sustainable Development Goals

**€100
Billion
MOBILIZED**

- Green finance
- Sustainable infrastructure and agribusiness
- Financial inclusion & entrepreneurship

To manage

We will manage our environmental & social risks to **minimize potential negative direct & indirect impacts**

**70%
RENEWABLE
ENERGY**

**68% CO₂
EMISSIONS
REDUCTION**

- Transparency in carbon-related exposure
- Progressively alignment with Paris Agreement
- Sector norms in mining, energy, agribusiness & infrastructure

To engage

We will engage with all our stakeholders **to collectively promote the contribution** of financial industry to sustainable development

**ACTIVE
COLLABORATION**

- TCFD recommendations implementation on 2020
- Financial education
- Promotion of Responsible Banking standards within the industry

Our purpose: to bring the age of opportunity to everyone

A €100 Billion mobilization between 2018-2025

Transition to a low carbon economy

- Green lending to companies & institutions
- Green bonds intermediated as bookrunner
- Energy efficiency, water & waste management & solutions for SMEs & individuals
- Green investment funds & equity

Financial inclusion & entrepreneurship

- Lending to underserved
- Lending to vulnerable microentrepreneurs
- Lending to women entrepreneurs
- New digital business
- Impact investment

Infrastructures & agribusiness

- Project & corporate lending in education, health & affordable housing
- Social bonds intermediated as bookrunner
- Social investment funds & equity
- Agribusiness lending under sustainability criteria

Current figures on sustainable finance

Sustainable financing

December 2018

Financial inclusion and entrepreneurship

- Financial inclusion
- Loans to vulnerable entrepreneurs
- Loans to female entrepreneurs
- Impact investing

Sustainable infrastructures and agribusiness

- Social corporate financing
- Social infrastructure project finance
- Social bonds

Green financing

- Certified green loans
- Corporate green financing

Escalation & exceptions

Exemptions will only take place exceptionally and shall only be approved by the CIB Leadership Committee.

Exemption requests must be clearly justified and supported by all decision-making tiers

A set of norms that are best practices within the industry that will be annually updated

BBVA's journey towards alignment with Paris Agreement and its financial impact

Methodologies & standards development

1_Climate Change Scenarios and Financial Impact (Pilot exercise in 2018)

- Methodology developed by **UNEP FI, 16 Banks** and supported by Oliver Wyman & Acclimatise, **aligned with TCFD recommendations**
- BBVA's scope: **Transition Risks** for **Energy, Utilities & Transportation** sectors; **Physical Risks** for real state credit portfolio in Mexico

2_Credit Portfolio alignment to Paris Agreement (Pilot exercise in 2019)

- **PACTA Methodology** developed by **2Degree Investing Initiative**
- Analysis at **Portfolio** level, focusing on most sensitive sectors & **5 years forward looking**
- **Public (Katowice) commitment** together with 4 Banks (ING, BNP, SocGen, Standard Chartered)

Working in 2019 to incorporate this forward looking vision into BBVA's industry frameworks: qualitative assessment of climate-related risk drivers and quantitative assessment of clients' climate-resilience

ANNEXES

Sector norms: main exclusions

TCFD recommendations road map

Sector norms: general exclusions

BBVA will not provide financial services to projects or clients whose core business is linked to any of the following activities or environmental and social impacts:

- Companies that have shown credible and clear evidence (based on court rulings or relevant controversies), of material breaches regarding applicable laws and regulations, or taking part in human rights abuses regardless of the country.
- Activities that involve child or forced labor as defined in ILO conventions.
- Projects that entail the resettlement or violation of rights of indigenous peoples, without their free, prior and informed consent (FPIC)
- Projects located or in the vicinity of UNESCO World Heritage sites, List of Ramsar wetlands, Alliance for Zero Extinction sites and Category I-IV areas of the International Union for the Conservation of Nature.
- Businesses with headquarters based in countries subject to EU, US or UN sanctions

Sector norms: main exclusions

Mining

- New coal mines and coal mine expansions.
- New projects on Mountaintop Removal (MTR) extraction methods
- Asbestos extraction projects
- Major coal producers using MTR mining in more than 10% of their activity
- Clients with a significant portion of their activity consisting in the extraction of coal (more than 35%) used to generate electricity that lack a diversification strategy

Energy

- New nuclear power plants
- Construction of new and expansion of existing coal power plants
- Exploration and production of oil and gas in the Arctic
- Tar sand exploration, production and transport
- Simple hull oil tankers
- Significant coal-based power generation (more than 35%) without a diversification strategy

Exceptions may be made for new nuclear power plants, construction of new and expansion of existing coal power plants, and coal-based power generating clients, in countries with high energy dependency and without viable alternatives. BBVA will report on such projects/clients financed

Sector norms: main exclusions

Agribusiness

- Illegal logging
- The burning of natural ecosystems to clear land for the development of agricultural projects
- Projects for production of first-generation biofuel
- Use of substances prohibited by the Stockholm Convention
- Non-certified Palm oil operations or not in the process of obtaining certification by the Roundtable on Sustainable Palm Oil (RSPO)
- Clients engaging in blast and cyanide fishing
- Clients using driftnets in excess of 2.5km
- Clients trading and manufacturing angora wool
- Clients with animal testing not related to health research
- Clients with direct participation in the trade of shark fins, commercial whale hunting, illegal, undeclared and unregulated fishing

Infrastructure

- Dams failing to comply with WCD Framework
- Facilities failing to comply with the Hong Kong Ship Recycling Convention
- Clients that cannot furnish the health and safety records of their workers and/or areas of influence
- Clients that cannot disclose or provide information about their performance in connection with the use of water, waste and greenhouse gas emissions
